

NYALIC[®]

Clear Surface Protectant

Nyalic is a Registered Trademark of HBI Inc. Jasper GA USA

Chassis

Not something often thought about, but many corrosive agents settle on the surface. When these start to erode, corrosion starts to destroy your asset.

Under the bin

Imagine having a slippery surface on your bins that allows little cling-on.

A 100 kilos stuck on your bin lowers your Tare weight. More effort, less revenue!

Slippery and clean

Presentation has a lot to do with how an operator treats the equipment.

Water rinse removes most dross with limited effort

You can leave a unit uncoated

Or... take advantage of the benefits that Nyalic clear coat can provide.

- ✓ *Paint protection*
- ✓ *Easy clean surface*
- ✓ *UV protection*
- ✓ *Clean presentation*

Easy clean

with both a brilliant shine and enhanced colour...

IMPORTANTLY, you can see damage - leaks and any problems with seals before these erupt into major issues

NYALIC[®]
Clear Surface Protectant

**Clean equipment
tells a story**

*and it presents a
professional image to clients*
